Our Edinburgh team

A collaborative and innovative approach to planning and development sets our business apart in Scotland.

We're passionate about the work we do. Our office is driven by a distinctive blend of skills, knowledge and expertise backed by an entrepreneurial culture.

By asking smart and, sometimes, challenging questions we are able to bring ideas to the table that may not have been considered before.

Our ability to draw on the industry's best and brightest talent means that we always bring a fresh perspective to projects.
