

# Heritage Regeneration Tour

Join Lichfields and explore the regeneration of Leeds at its best, on this fascinating walking tour at UKREiif.

This very popular short tour will explore the area around the Armouries, the Docksider and the River Aire, with its historic warehouse conversions and some of the most contemporary architecture in the City. We will make our way to The Adelphi, the original Tetley brewery pub to join the Lichfields drinks and networking event, to end the tour.
